## President's Message

We're starting off November by providing communications for the annual Boca Bop Triathlon early in the morning on November 2. Anyone who wishes to participate, please

call or email me, as we need more hams to be the Englewood Optimists Club's eyes and ears at key locations throughout the event. In the past, we typically have finished off the event with a nice breakfast together.

At the October, the membership welcomed the first half of a video presentation supplied by Vic-K4VHX entitled "Hallicrafter HT-4 To War and Home Again" and comments from Tom-WA3PRC regarding his own experience with wartime communications systems. The group decided it would be well worthwhile to watch the remaining fifteen minutes of the video as the program for the November meeting. Several questioned where Vic came across such an interesting find.

Mel-W9BSM has been keeping on top of things with RACES and our radio setup at Englewood Community Hospital. We are still learning more about the antenna configuration at the hospital and I'm sure there will be follow-up reports. I reminded the membership that Mel, with assistance from Charlie Utz, has been doing an excellent job as a liaison between the hospital, EARS, and RACES. Therefore, when we hear undesirable reports or requests, we need to remember not to shoot the messenger. Instead, we praise them for their efforts.

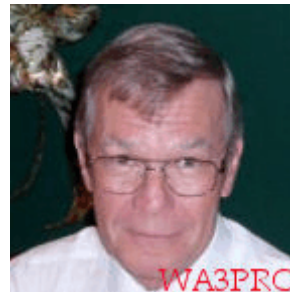

Also among those deserving praise is Marty-N4FA. Marty has once again taken the initiative to

ensure EARS has a great holiday banquet and party this December, this year in Rotonda. Please be sure to get your choice of entrée, along with your check payable to EARS, to Marty-N4FA or Vic-K4VHX.

Don't forget to bring your nominations for the 2009 officers and trustees. It's that time of year again and it's best to get it straightened out in November so we don't have as much in the way of business to take care of at the December party.

73,

Matthew Henry, KE4VEM

## EARS Meeting

ENGLEWOOD AMATEUR RADIO SOCIETY meetings are the 3rd Thursday of each month at 7:30PM.  
Meeting location is the ENGLEWOOD UNITED METHODIST CHURCH 700 E. Dearborn St. (Pine St. & River Road).

Contact one of the officers for directions to the meeting room.

*Interested in becoming an EARS member or becoming an Amateur Radio operator? Please contact one of the EARS club officers for details.*

## Committee Reports

**Sunshine:** a group went to Naples to visit Keith-KC5AS and Mana. Keith is doing quite well and hopes to be back with us soon.

**RACES:** Mel-W9BSM said there was some hold up on getting new equipment at the hospital due to change of CEO's. He will give us updates as he receives them

**Publicity:** No publicity to report.

**Testing:** Two people tested; both passed the tests. One upgraded and one was a new ham.

**DX:** JR-K9HUY, reported Willis Island, VK9DWX, is active. There is still no word from Marion Island. A group has been given permits to operate from Desecheo Island, KP5, and we hope this will lead to Navassa Island, KP1. Sierra Leone, 9L1, has been on 15 and 20 meters.

**Hamfest:** No report given.

## Old Business

**Christmas Party:** No updates. Contact Marty-N4FA for details

## New Business

No new business presented.

## Announcements

**Boca Bop:** The Boca Bop is on November 2. Those helping with this are to meet at bridge at 6:30 AM. We still need help with this. Those wishing to help with this are to contact Matthew-KE4VEM for info.

**After meeting program:** The program for the evening was a 15 minute video on the Hallicrafter company and the transition of the SCR-329 transmitter from commercial to military

## Adjournment

ON MOTION, there being no further business to discuss, President Matthew-KE4VEM adjourned the meeting.

Vice-President & Acting Secretary,  
Tom Hawes, WA3 PRC

## Boca Bop

This is a PLEA for more volunteers to support communications during the Boca Bob Triathlon.

We need at least eight volunteers to support this event. It is an important job as some of the racers do get into trouble or are hurt and we are the only communication they have along to route to call the EMT's.

We meet at the parking lot on the right side of the entrance to the Boca Grande bridge at 6AM, Sunday, November 2nd. We will have free bridge passes.

Bring your 2 meter rigs, mobile or HT. Operating frequency will be decided later.

Please contact Matthew Henry, KE4VEM, if you are able to come and help. He can be reached at: [matthewmhenry@comcast.net](mailto:matthewmhenry@comcast.net) or [matthew@mhenry.com](mailto:matthew@mhenry.com) or by phone at (941)380-5980 or (941)473-8878 (work).

73, and see you Sunday!  
Martin, N4FA

**Ham radio makes contact in space**  
OCTOBER 27, 2008  
EGINA • Space: The final frontier of man and ham.

Murray Crandon was one of several ham radio operators around the country who took their hobby to new heights last week, by making contact with the International Space Station as it passed over

Canada.

Mr. Crandon, known on the air as "VE5MC," was at home in Moose Jaw, Sask., when he was able to speak with space tourist Richard Garriott on board the space station.

"It was quite a thrill. It's not something that the average person can do and it's really wonderful that amateur radio gives us this ability," said Mr. Crandon, a longtime ham radio buff.

Before the space call, Mr. Crandon said his biggest accomplishment had been a contact with a man in Iraq, a feat Mr. Crandon pulled off with a modest wire antenna he made himself for about \$10.

"You'd like to say it was all skill, but really there was an awful lot of luck involved a lot of times for me," he said. Aided by a computer program that shows where the space station is in orbit, Mr. Crandon was able to time and refine his attempts at radio contact. Finally, he heard the transmission he had been waiting for: NA1SS, the call sign of the International Space Station.
